

DBS LAB 2

Date _____

IN LAB TASK

ACTIVITY 1:

Hospital → Patient, doctor, medicines, ward

Shopping Mall → Shops, Customers, Products, Food

Parking Plaza → Vehicles, ~~Parking~~ space, Guard
space occupied.

Activity 2:

		Justification
Book	Entity	store library items
Member	Entity	Registers library user
Librarian	Entity	Manage library operation
Library building	Not entity	physical infrastructure
Reading Hall	Not entity	Facility detail
Coffee Corner	Not entity	Non library service
Computer station	Not entity	equipment only
cleaning staff	Not entity	service

POST LAB ACTIVITY Date

Scenario I:

Step I: Identification of Miniworld
Community Health Clinic Management System.

Step II: Identification of Entities

Entity	Reason
Medical Camp	Health clinic event
Medical Supply	clinic inventory items
Patient	Health care service receiver
Doctor / staff	clinic worker

Not Entities: Waiting area, Pharmacy, parking

Reason: Facilities not required.

Step III: Identification of Attributes

Entity	Attributes
Medical Camp	Camp name, Health service, schedule, Registration Fee.
Medical Supply	Item name, Available Quantity, cost.
Patient	Patient Id, Name, age, contact
Doctor / staff	Employee Id, Name, specialization

Step IV : Assignment of Data Types

Entity	Attribute	Data Type	Reason
Medical Camp	Camp Name	String	Contain words
	Health Service	String	Descriptive text
	Schedule	Date	store date
	Registration Fee	Float	Fee may decimal
Medical Supply	Item Name	string	contain name
	Available Quantity	integer	numeric given
	Cost	float	may decimal
patient	Patient Id	integer	unique identity
	Name	string	contains letter
	Age	integer	Age is numeric
	Contact	string	phone / email
Doctor / staff	Employee Id	integer	unique identity
	Name	String	contains letter
	Specialisation	string	Area of expertise

Signature _____

RC

No. _____

Date _____

Scenario 2:

Step I:

Language Learning Institute Management System

Step II:

Entity	Reason
Course	Academic learning unit
Learning Material	Educational resources
Student	Enrolled learner
Instructor	Teaching Staff

Not Entity: library, lounge, reception

Reason: Facilities not needed.

Step III:

Entity	Attributes
Course	Course Title, language type, duration, Fee
Learning Material	Material Name, Material type, Quantity, Cost
Student	Student Id, Name, proficiency level
Instructor	Employee Id, Name, Teaching Specialization

Signature _____

RC

No. _____

Step IV :

Entity	Attribute	Datatype	Reason
Course	Course Title	String	contain words
	language type	string	Name of language
	Duration	integer	in hour
	Fee	float	May decimal
Learning Material	Material Name	String	Contain name
	Material type	string	Book description
	Quantity	integer	is numeric
	Cost	float	may be decimal
Student	Student Id	integer	unique identity
	Name	string	contain letter
	proficiency level	string	level description
Instructor	Employee Id	integer	unique identity
	Name	string	contains letter
	Teaching Specialization	string	Area of expertise

Signature _____

RC

No. _____
